The Word Of The Lord

Character Flaws

Here are some Character Flaws that we have to be very careful not to open the door to Weakness, Discouragement, Self Pity, Rejection, Persecution and Disappointment. These are flaws that will keep us in the pit in our minds, the only way they will have power in your life is if you give them the attention that they want. When you open the door to one then they set up house and invite there friends then you find yourself wanting to be alone. Then that devil will tell you that know one love's you make you think there is no help, this is a lie from the pit. Discouragement- is when you lose your courage you put your eyes on people and on your circumstances.

Persecution Complex- this is the root of rejection unless you deal with the root you cannot be saved from the complex Anger and Resentment- you harbor your feelings and pinpoint enemies, event to the point of being angry with God you begin a conversation that is self preserving in your heart.

Bitter-Hard-Critical Spirit-A spirit of error comes before error you begin to think everybody missed it except you. If not checked it will take a truth and make it a tragedy a concept and make it a cult a reality and make it a bondage this will bring a judge mental spirit. Spirit of Rejection and Isolation- this is a religious critic no one around you are doing things right, you think everyone needs to hear my word.

Spirit of Rejection- this spirit will do things subconsciously that they know will be rejected to prove to them that their self concepts are right; they think people do not like them. When we open the door to these spirits we deal with character flaws we have to look in to our hearts and ask ourselves is there something in me that can keep me from hearing the voice of the Holy Spirit, or do you truly know his voice.

Women Of Character

Walking In Prophetic Character

What is Character? Character is a mark that stands out, people will remember you for, and when someone speaks of you the first thing they will remember is your character. Did they walk in love was there pride in your life, did they know how to speak to people.

Why do you need to build character?

We have someone in our life that will help us with our character they will let you know when you are walking in another spirit they have the gift of love operating in them so if we have invited them into our life then love will flow through us also this person is the Holy Spirit.

Remember the word tells us that the Holy Spirit is a teacher: we have come to the place that the spirit of independents has taken over are personality it's hard to trust people so how can we trust someone that we don't see, this is why God says that we have to have faith to please him, faith is something that we do not see but we can step out in it when we trust. We walk by faith and not by sight.

The tricks of the enemy: are to let us have broken relationships so we will not trust we build that wall up in us. But remember we can speak to the mountain this is the word of God which is a promise to us, so it's time to open your mouth and speak to what is holding you back in (Philip 3; 13) Brethren, I do not regard myself as having laid hold of it yet; but one thing I do; forgetting what lies behind and reaching forward to what lies ahead. Our past is just a step that we have to take to get to the future don't stay in your past look toward your future.

The Holy Ghost Supernatural Teaching: (Luke 12:12) for the Holy Spirit will teach you in that very hour and moment what you ought to say. (Amplified) part of your character is knowing when to speak and when to listen sometimes we speak according to how we feel it is not base on a feeling we need wisdom in this hour, how we feel can have us miss the favor of God the timing of God and the blessing of God you will not be paid base on how you feel but what you know.

WHAT HAPPEN WHEN A PROPHET COMES INTO YOUR LIFE

When prophecy comes: to you the prophet is telling you about your past and your future. Prophets telling you who you are and what you were before you came into human form. The Bible says that "before I formed thee in the belly, I knew thee." I impregnated thee with your assignment and with your purpose; who you are and what you are going to fulfill. When you think the prophet is telling you your future, he's really telling you what you were.

The Bible says: faith calleth those things that be not as though they were. We existed before in the realm of the I AM. So, when you're active with your faith you're calling things forth from the unseen realm into this realm.

When a prophet speaks: to you he's calling that which is in the unseen inside of you, locked up bottled up inside of you; he's calling it to come forth. This is when God brings a Prophet into your life. He or She has come to point you into your destiny; the Prophet comes to unlock the dead things and to open the blind eye. A true Prophet speaks the mind of God and The Father knows the plans that he has for you. And he will release them through the mind of the Prophet.

The Bible says: that the church is built on the foundation of the Apostle and Prophet and that Jesus Christ is the chief corner stone. Who is the church? The church is not a building, we are the church we are the called out one's called out of darkness into light Jesus Christ, is the light and the foundation, The Apostle, comes to bring you into government and order the Prophet comes to awaken you into your purpose the Father release the prophets for such a time as this.

Don't take this season of visitation for granted: know the prophet that has come to awaken you for purpose. The Bible says that some have entertained Angels unaware. Do you know the Prophet in your life? When the shunem woman new that there was something different about Elisha and when she knew what was passing by her home she made provision for what God had sent her, she was never in need again and Provision was granted to her in the time of famine.
